

Join Us in Bringing Life-Saving Health Care to Uganda

Dear friend,

Tsiyon Family Hospital exists because compassionate people believe that access to health care should not depend on geography or income. What began as a shared vision has become a powerful example of what is possible when communities come together to invest in dignity, health, and hope.

Located in Sayyi, Uganda, Tsiyon Family Hospital is a community-led, fully operational medical facility providing essential health services to thousands of individuals who previously had little or no access to care. The hospital operates 24 hours a day, seven days a week, staffed by a dedicated local team committed to serving their community with skill and compassion.

While Tsiyon Family Hospital is already making a meaningful impact, we are now working toward an important next step: fully activating the hospital by equipping the operating room. This final phase will allow life-saving surgeries, emergency procedures, and safe deliveries to take place on site ensuring timely, comprehensive care when it matters most.

We invite you to join us as a sponsor for our 2026 fundraising events: the Safari Run on June 13, 2026, and the Tee Off for Uganda Health Care Golf Scramble on July 25, 2026. These events offer an opportunity to engage your organization, employees, family, or friends in a mission that is already transforming lives and strengthening an entire community.

Enclosed, you'll find sponsorship opportunities and event details outlining how you can partner with us. Your involvement helps move Tsiyon Family Hospital from access to care to fully activated, life-saving care and ensures this vital resource continues to serve generations to come.

Thank you for considering joining us in this important work.

With gratitude,
Claudia Werner
Board President

Your Impact at a Glance

Thanks to supporters like you, Tsiyon Family Hospital has already made a profound difference:

-  10,000+ patients treated
-  5,100 immunizations given
-  20+ Uganda staff employed
-  650 people reached via “pop-up” clinics
-  1350 men, women, & children provided free medical & dental care by Building Up Mission Teams

Building Up

PARTNERING IN HEALTH AND WHOLENESS

Real care, delivered with dignity and compassion, is now close to home.

Help Us Complete the Mission

While the hospital is open and operating, there is one critical piece still needed for Tsiyon Family Hospital to be fully functional:

**Essential Operating Room Equipment
Total Cost: \$148,000**

This equipment will allow surgeries and emergency procedures to be performed safely on-site, eliminating the need for patients to travel long distances for care they may not survive without.

You helped us build the foundation. Now, we invite you to help us fully activate the hospital.

Checks can be mailed to: Building Up
1501 W Liberty Street, Ann Arbor, MI 48103

*Fully Activating Life-Saving Care
in Sayyi, Uganda*

Why This Matters

Equipping the operating room allows Tsiyon Family Hospital to provide critical surgeries, safe deliveries, and emergency care without dangerous delays or long-distance travel for patients.

With your partnership, we can move from operating to fully activated – and ensure no life is lost for lack of available care.

Total Equipment Investment Needed \$147,460
